REPORT

I. Introduction

I, the Chairman of the Committee on Government Assurances, having been authorised by the Committee to submit the Report on their behalf, submit this Report to the Speaker regarding the implementation of the assurances given by the various Ministers on the floor of the House during the various Sessions of the Lok Sabha.

2. The matter was referred to the Committee by the Speaker in pursuance of the following observations made by him in the House on the 9th December, 1965, at the close of the supplementaries by some Members pointing out the non-implementation of certain assurances that followed the statement made by the Minister of Parliamentary Affairs after he had laid on the Table statements showing action taken by Government on various assurances:

> "I would ask the Committee on Assurances to examine this: what has been laid and what remains, and then to make a report to me by the next session."

II. Sittings of the Committee

3. The Committee held 11 sittings in all, out of which five sittings were held after the reference was made by the Speaker on the 9th December, 1965.

4. At the sitting held on the 10th December, 1965, the Committee considered and decided the future programme of work.

5. At the sitting held on the 25th January, 1966, the Committee examined the pending assurances relating to the Second Lok Sabha and also first to Eleventh Sessions of the Third Lok Sabha.

6. At the sitting held on the 27th January, 1966, the Committee examined the remaining pending assurances relating to the Twelfth and Thirteenth Sessions of the Third Lok Sabha.

7. At the sitting held on the 11th March, 1966, the Committee considered the correspondence exchanged between the Minister of Parliamentary Affairs and the Chairman, Committee on Government Assurances regarding the expeditious implementation of the assurances.

8. At their last sitting held on the 28th April, 1966, the Committee considered the draft Report and adopted it.

9. The minutes of each of the last five sittings which form part of this Report are appended.

III. Review of the Existing Procedure for the Implementation of the Pending Assurances.

10. The Committee observed that whenever statements showing action taken in implementation of the assurances given by the various Ministers on the floor of the House during various Sessions were laid on the Table by the Minister of Parliamentary Affairs or when the Chairman, Committee on Government Assurances laid Minutes or Reports of the Committee on the Table, some Members took an opportunity to ask the Minister of Parliamentary Affairs to state the position in respect of certain pending assurances of public importance in which they were interested, as those assurances had not been fulfilled within the prescribed, maximum period of two months—the time within which such assurances should normally be implemented, as recommended by the Committee in their First Report (First Lok Sabha) 1954, and reiterated by them from time to time.

11. The Committee at their Sitting held on the 20th September, 1965 (Minutes laid on the Table on 24th September, 1965) after perusing the analytical statements showing the time taken by various Ministries in implementation of assurances as compiled on the basis of the information set forth in the statements laid on the Table by the Minister of Parliamentary Affairs on 15th May, 1965, 18th August, 1965 and 6th September, 1965 noted that only 30 per cent of the assurances were fulfilled within the stipulated period of two months. The Committee were critical of the inordinate delay by the Ministries/Departments in the implementation of assurances and desired that the Ministries/Departments might be asked once again that the assurances should invariably be implemented within the normal period of two months. The Committee also pointed out that the delayed implementation of the assurances often resulted in their importance being lost by the lapse of time and desired that the Ministries/Departments might be asked to take necessary steps to expedite the implementation of the assurances.

The Committee also noted that 20 assurances relating to the years 1962 and 1963 numbering 8* and 12 respectively, which were more

†Six are still pending.

than two years old had not been implemented. The Committee, therefore, desired that the Ministries concerned might be asked to state the position in regard to all those assurances for their consideration at their next sitting*.

12. Accordingly, the observations of the Committee were communicated to all the Ministries/Departments concerned of the Government of India *vide* Lok Sabha Secretariat O.M. No. 12/1(28)-XII/65-Q, dated the 29th September, 1965 (Annexure) under intimation to the Department of Parliamentary Affairs.

13. On an examination of the matter referred to in para 10 above, it was also found that there was always a time-lag between the information supplied by the Ministries/Departments to the Department of Parliamentary Affairs and its being laid on the Table of the House by the Minister of Parliamentary Affairs. A perusal of the statements laid on the Table of the House on the 23rd September, 1965 would show that the information supplied by the Ministries/Departments concerned to the Department of Parliamentary Affairs in the middle of August, 1965 was laid on the Table by the Minister of Parliamentary Affairs on the last day of the Twelfth Session *i.e.* after about a month of their receipt. An element of delay of a similar nature had also been noticed in all the statements laid by the Minister of Parliamentary Affairs on the Table from time to time.

14. It may be mentioned here that it is not always possible for the Minister of Parliamentary Affairs to explain the position of the pending assurances whenever specific enquiries are made by Members in the House. To quote an instance, it may be stated that on the 2nd December, 1965, when the position regarding implementation of assurances relating to the foreign exchange spent by the Ministers and officers on tours abroad was asked and a question of breach of privilege was raised in the House regarding non-fulfilment of assurances the then Minister of Finance (Shri T. T. Krishnamachari) had to ask for an apology before he explained the position in that regard.

15. In the context of the circumstances referred to above, the Committee came to the conclusion that the present procedure under which statements showing action taken in fulfilment of assurances which were at present channelised through the Department of Parliamentary Affairs were fraught with delays. These delays could be considerably eliminated if such statements were laid on the Table by the Ministers concerned instead of the Minister of Parliamentary

Affairs. Such a course did not, however, preclude the Minister of Parliamentary Affairs from laying their statements. They were of the opinion that such a course would fasten responsibility on the Ministry concerned and ensure expeditious disposal of Parliamentary business. With this end in view, the Committee amended the existing Rule 4* of the 'Internal Working Rules' as follows:

> "Statements showing the action taken by Government in implementation of assurances shall be laid on the Table of the House *by the Minister concerned. These statements shall thereafter be examined by the Secretariat.* Such of the assurances as do not appear to have been fully or satisfactorily implemented, or where inordinate delay considering the nature of the assurance had occurred in implementation thereof, shall be placed before the Committee for their consideration."

The Speaker approved this amendment as envisaged in Rule 282 of the Rules of Procedure and Conduct of Business in Lok Sabha.

IV. Position of Pending Assurances

16. In pursuance of the announcement made by the Speaker in the House on the 9th December, 1965, referred to in para 2 above, the Ministries/Departments were requested to apprise the Lok Sabha Secretariat of the latest position in respect of all the pending assurances for being placed before the Committee for their consideration. Such of the information as was received from the Ministries in regard to the pending assurances was placed before the Committee at their sittings held on the 25th and 27th January, 1966. It would be observed from the Minutes of the Sittings of the Committee held on the 25th and 27th January, 1966 that in as many as 254 cases of pending assurances relating to the period mentioned in succeeding paragraph the Committee could do no more than to press for their expeditious implementation.

17. The position of pending assurances and their number as on the 10th December, 1965 and those which were fulfilled thereafter showing the position as on the 21st April, 1966 is stated below:—

(i) In their Third Report (Third Lok Sabha) presented on the 29th April, 1965, the Committee appended a statement showing four† pending assurances, pertaining to Second

Statements showing the action taken by Government in implementation of assurances, as laid on the Table of the House by the Minister of Parliamentary Affairs shall be examined by the Secretariat. Lok Sabha. Out of these, two* assurances had since been implemented leaving a balance of two pending assurances (Appendix I). Of these two, the Committee decided to drop one† assurance at their sitting held on the 25th January, 1966, leaving only one assurance pending which is *sub-judice*, and as such they recommended that the Ministry might implement it after the judgement had been delivered.

(ii) The Committee had also appended a list** of 29 assurances pertaining to the year 1962 and 1963—First to Sixth Session of the Third Lok Sabha to their Third Report referred to above. Out of these, 16†† assurances had since been implemented leaving a balance of 13 pending assurances (Appendix II). Of these, statements showing action taken in implementation of 7 assurances§ were laid on the Table on the 15th February, 10th March, and 20th April, 1966, leaving a balance of 6 pending assurances which are still to be implemented.

(iii) An analysis of the assurances pertaining to the Seventh to the Eleventh Sessions of the Third Lok Sabha, which were culled out and fulfilled and those which were pending implementation as on the 10th December, 1965 (Appendix III) as also the position as it obtained on the 21st April, 1966, after the statements showing action taken in implementation of assurances were laid on the Table on the 15th February, 10th March and 20th April, 1966 is given below:

Session of Third Lok Sabha	Total No. of assurances culled out	No. of assurances fulfilled	No. of assurances outstanding as on 10-12-65	No. of assurances implemented on 15-2-66, 10-3-66 & 20-4-66 *vide* statements laid on the Table	No. of assurances still outstanding

§Item Nos. 1 to 4, 9, 10 and 12 of Appendix II.

(iv) During the Twelfth Session (August-September, 1965) of the Third Lok Sabha, 157 assurances were culled out. Out of these, 68 had already been implemented and the remaining 89 assurances which were about two and a half months old were pending on the 10th December, 1965 (Appendix IV). Of these, 63 have since been implemented *vide* the statements showing action taken in implementation of the assurances laid on the Table on the 15th February, 10th March and 20th April, 1966, leaving a balance of 26 which are still to be implemented.

(v) 173 assurances were extracted from the Debates of the last *viz.* Thirteenth (November-December, 1965) Session of the Third Lok Sabha, out of which only 3 had been implemented and the remaining 170 were pending on the last day of the Session *viz.* on the 10th December, 1965 (Appendix IV). Out of these, statements showing action taken in implementation of 103 assurances were laid on the Table of the House on the 15th February, 10th March and 20th April, 1966 leaving a balance of 67 assurances which are still to be implemented.

The observations made by the Committee in respect of all the pending assurances pertaining to the Second and the Third Lok Sabha are set forth in the Minutes of their 19th and 20th Sittings held on the 25th and 27th January, 1966, respectively referred to in para 9 *ibid.*

18. A statement showing the statistics regarding the implementation of the assurances pertaining to the Second and the Third Lok Sabha as on the 10th December, 1965 and also showing the up-to-date position is appended to the Report (Appendix V). An analytical statement showing the time taken in implementation of various assurances Ministry-wise as per statements laid on the Table on 10th May, 1965, 18th August, 1965, 6th September, 1965, 23rd September, 1965, 10th November, 1965, 1st December, 1965, 9th December, 1965 15th February, 1966, 10th March, 1966 and 20th April, 1966 is also appended to the Report (Appendix VI). From this statement, it would be observed that 24·8 per cent assurances were implemented within two months, 43·9 per cent in two to six months, 20·3 per cent in six months to one year, 6·6 per cent in one year to one and a half years and the remaining 4·4 per cent in more than one and a half years.

19. The Committee note that 78·3 per cent assurances were implemented during the term of the Committee. During the Eleventh to the Thirteenth Sessions, 1965, of the Third Lok Sabha, 615 assurances

were extracted, while 170 were pending as on the 29th April, 1965, whereas there were 171 pending as on the 21st April, 1966.

V. Conclusions and Recommendations

20. At their sitting held on the 25th January, 1966, the Chairman placed before the Committee, the letter dated the 22nd December, 1965, which he had received from the Minister of Parliamentary Affairs in which the latter had raised an objection to the Committee addressing the various Ministries/Departments of the Government of India (Annexure) direct for eliciting further information about the progress made in the implementation of the pending assurances under the directions given by the Speaker on the floor of the House or the Committee themselves. The main burden of the argument put forth by the Minister of Parliamentary Affairs was that this procedure would be tantamount to taking away the following function allocated to the Department of Parliamentary Affairs under the Government of India (Allocation of Business) Rules, 1961:

> "8. Implementation of assurances given by Ministers in Parliament."

21. The Committee at their sitting held on the 11th March, 1966, felt that the action taken by the Minister of Parliamentary Affairs in addressing the Ministries not to furnish information direct to the Lok Sabha Secretariat contravened the provisions of Rule 270 of the Rules of Procedure and Conduct of Business in Lok Sabha inasmuch as the Minister of Parliamentary Affairs had asked the Ministries not to furnish any information to the Committee direct but to channelise it through the Department of Parliamentary Affairs. This entailed an exchange of further correspondence between the Chairman and the Minister of State for Parliamentary Affairs wherein the latter reiterated the earlier stand taken by the Minister of Parliamentary Affairs that all such correspondence should be channelised through the Department of Parliamentary Affairs. The Committee also called for the letter addressed by the Minister of Parliamentary Affairs to the various Ministries referred to above. The Committee regret that it has not been furnished to them till the time they approved this Report.

22. As regards the implementation of the revised Rule 4 of the 'Internal Working Rules' of the Committee as amended by them at their sitting held on the 5th November, 1965, the Committee re-considered the various implications of the stand taken by the Minister of Parliamentary Affairs at their sitting held on the 11th March, 1966 that it would not amount to taking away any of the functions of the Department of Parliamentary Affairs which were allocated to them

by the President under Article 77(3) of the Constitution—Government of India Allocation of Business Rules, 1961. The Department of Parliamentary Affairs would continue to cull out the assurances from the Debates and forward them to the Ministries and Departments of the Government of India for implementation. All that was sought was to eliminate delays and also to fasten responsibility on the Ministries concerned to ensure expeditious disposal of Parliamentary Business. The Committee feel that since their term was about to expire very soon, they would like the next Committee to pursue the matter to a logical conclusion and arrive at some definite decision and a workable solution capable of yielding expeditious results.

The Committee would also observe in the end that the issue of the letter by the Minister of Parliamentary Affairs in contravention of Rule 270 tended to bar the Committee from properly and efficiently conducting its functions as envisaged in the Rules of Procedure.

Chairman,
Committee on Government Assurances.

OFFICE MEMORANDUM

SUBJECT:—*Committee on Government Assurance—Expeditious implementation of the assurances*

The undersigned is directed to forward herewith a copy of the Minutes of the Sittings of the Committee on Government Assurances held on the 17th/20th September, 1965 (laid on the Table of Lok Sabha on 24-9-65) and to request the Ministry of ....that necessary action in regard to the implementation of the marginally noted assurances may please be taken at an early date and this Secretariat apprised of the precise position by the 1st *November*, 1965 *at the latest* for the information of the Committee on Government Assurances.

2. Attention of the Ministry of Home Affairs, etc., is invited in particular to the observations made by the Committee in paras 3, 4(i), 5 and 6 of the Minutes dated the 20th September, 1965 referred to above, wherein the Committee had emphasised the desirability of implementing the assurances within the prescribed time-limit of two months. The Committee have also pointed out that the delayed implementation of the unfulfilled assurances often results in their importance being lost by lapse of time. The Committee, therefore, reiterated their earlier recommendation that in case where the matter involved was such that it required a longer period for implementation of the assurances, the circumstances should be explained to the Committee.

3. The receipt of this O.M. may please be acknowledged.

Sd/- M. C. CHAWLA,
Deputy Secretary.

The Committee took up consideration of the Agenda:

Memorandum No. I

Review of pending assurances pertaining to Second Lok Sabha.

The Committee considered two pending assurances pertaining to Second Lok Sabha in the light of the latest position intimated by the Ministries. As regards item No. 1 (Appendix I), the Committee considered the main reply to the question and in view of the impending legislation decided to drop the assurance. With regard to item No. 2, the Committee reiterated their earlier decision taken at the sitting held on 17-9-1965 that as the matter was *sub judice*, the Ministry might implement it after the judgement had been delivered.

Memorandum No. II

Review of pending assurances pertaining to the years 1962 *and* 1963—*First to the Sixth Sessions of the Third Lok Sabha.*

2. The Committee then took up consideration of the pending assurances (Appendix II) relating to the years 1962 and 1963—First to the Sixth Sessions of the Third Lok Sabha and made the following observations thereon:

(i) *Item Nos.* 1 *to* 4 *and* 9 *to* 12.—The Committee failed to understand as to why it should have taken the Ministries such a long time in collecting such simple information. They desired that this might be brought to the notice of the Ministries concerned.

(ii) The Committee noted from the reply referred to at item No. 5 that the report of the Expert Committee was promised

to be laid on the Table *in due course*. They desired to know as to when the report, in question would be laid on the Table. The Committee further observed that the Ministries/Departments should, in future specify a time-limit while replying to questions as to when reports etc. would be laid on the Table.

(iii) The Committee noted with great concern that the assurance listed at item No. 6 had not been implemented so far, although the Report of the Powerloom Enquiry Committee had been submitted to Government long ago. They directed that the Ministry might be asked to expedite the implementation of the assurance.

(iv) As regards item Nos. 7, 8 and 13, the Committee directed that the Ministries/Departments concerned should be asked to intimate the latest position for their information.

Memorandum No. III

3. The Committee thereafter proceeded to take up consideration of the pending assurances (Appendix III) pertaining to the year 1964 and Budget Session, 1965—Seventh to Eleventh Sessions of the Third Lok Sabha and made the Following recommendations/observations thereon:

Seventh Session, 1964

(i) In regard to the assurance noted at item No. 1, the Committee desired to know as to when the statement in question was likely to be laid on the Table. They were of the view that in such cases, definite time-limit should be laid down for laying the statements on the Table of the House.

(ii) The Committee were of the opinion that the information furnished by States other than Bihar and Jammu and Kashmir in respect of the assurance noted at item No. 2 should have been consolidated and laid on the Table.

(iii) The Committee took a serious view of the delay in collecting the simple information in regard to the assurance noted at item No. 3 and directed that it should be laid on the Table without any further delay.

(iv) With regard to the latest position furnished by the Ministry in respect of the assurance noted at item No. 5 that 'the required information had been received and was being compiled', the Committee were constrained to ob-

serve that such an information did not enable them to come to any conclusion and directed that in future definite and precise information should be furnished to them.

(v) In regard to the assurances listed at item No. 10, 14 and 23, the Committee observed that their implementation should not have taken such a long time as it involved a simple collection of information. The Committee directed that this might be brought to the notice of the Ministries concerned.

(vi) The Committee were of the view that the information in respect of item No. 8 should have been made available long ago as it again involved a simple collection of information.

(vii) With regard to item Nos. 11, 21 and 22, the Committee directed that the Ministries should be asked to intimate the latest position for their information.

(viii) As regards the assurance at item No. 15, the observation of the Committee in para 2(iii) may be seen.

(ix) The Committee noted that the assurance at item No. 16 would be laid on the Table during the ensuing session.

(x) With regard to the assurance at item No. 18, the Committee observed that although the Ministry was committed to lay Part II of the Report in question long ago, it had not so far been laid on the Table. They directed that it should be expedited.

(xi) As regards the remaining assurances mentioned at item Nos. 4, 6, 7, 9, 12, 13, 17, 19 and 20, the Committee directed that the Ministries concerned should be asked to expedite their implementation.

Eighth Session, 1964

4. The Committee then took up consideration of three pending assurances (Appendix III) pertaining to the Eighth Session and observed that all the three assurances noted at item Nos. 1, 2 and 3 involved a simple collection of information and should not have taken such a long time for their implementation. The Committee directed that this might be brought to the notice of Ministries concerned.

Ninth Session, 1964

5. The Committee then proceeded to take up consideration of the pending assurances (Appendix III) pertaining to Ninth Session, 1964 and made the following observations thereon:

(i) The Committee were of the view that the information for the years 1960-61 to 1963-64 in respect of item No. 1 should not have been held over but might have been laid on the Table. The information for the years 1964-65 could have been laid as soon as it became available.

(ii) With regard to item No. 5, the Committee were of the view that the implementation of this assurance should not have taken such a long time as its implementation involved a simple reply. The Committee directed that the assurance should be implemented without any further delay.

(iii) The Committee were unable to understand as to why the implementation of assurances mentioned at item Nos. 6, 7 8 had taken so much time although it involved simple collection of statistical information. The Committee desired their early implementation.

(iv) In regard to the remaining assurances noted at item Nos. 2, 3, 4 and 9 to 12, the Committee desired that the Ministries concerned should be asked to expedite their implementation.

Tenth Session, 1964

6. The Committee, further, took up consideration of pending assurances (Appendix III) pertaining to the Tenth Session 1964 and made the following observations:

(i) In view of the latest information furnished by the Ministry in their note explaining the position in regard to the issue of Unit Certificates by the Unit Trust of India, the Committee decided to drop the assurance mentioned at item No. 3 of Appendix III.

(ii) The Committee decided to drop the assurance noted at item No. 4 regarding Gold Control in view of the information now supplied by the Ministry of Finance.

(iii) The Committee noted the latest information furnished by the Ministry in respect of item No. 5 that the assurance was 'being implemented in a day or two'.

(iv) With regard to the remaining assurances mentioned at item Nos. 1, 2 and 6 to 19 (except item No. 15) the Committee observed that the Ministries concerned should be asked to expedite their implementation. As regards item No. 15, the Ministry might take their own time to implement the assurance.

Eleventh Session, 1965

7. The Committee further proceeded to take up consideration of pending assurances (Appendix III) in respect of Eleventh Session of the Third Lok Sabha and observed as under:

(i) The Committee were unable to make out anything from the expression ".....and the file is under submission to the Deputy Minister....." intimated by the Ministry, while furnishing the latest position in respect of assurance noted at item No. 2. They observed that the use of such expressions simply showed that the pending assurances were being dealt with by the Ministries concerned in a perfunctory manner.

(ii) The Committee were further surprised to find that expressions like 'being fulfilled shortly', 'being compiled' and 'being implemented' which seemed to be very vague were used by the Ministries while furnishing the latest position in respect of various pending assurances and were pained to observe that such expressions did not carry them anywhere. The Committee directed that definite expressions should be used by the Ministries while stating the present position of the pending assurances.

(iii) In regard to item Nos. 15, 16 and 18, the Committee were of the opinion that the implementation of these assurances should not have taken such a long time, as this involved collection of simple information only.

(iv) As regards item Nos. 11, 20, 35 and 44, the Committee were of the opinion that the information furnished by the States etc. so far in respect of these assurances should not have been held over but should have been consolidated and laid on the Table. The rest of the information from the remaining States could be laid later on receipt.

(v) The Committee noted that statements showing action taken in implementation of the assurances mentioned at item Nos. 14, 29, 30, 48, 64 and 67 will be laid on the Table of the House during the ensuing session.

(vi) With regard to item No. 54, the Committee desired to know whether the information was not available with the Government. They observed that it should be laid on the Table without any further delay.

(vii) In regard to the remaining assurances noted at item Nos. 1, 3 to 10, 12, 13, 17, 19, 21 to 28, 31 to 34, 36 to 43, 45 to 47, 49 to 53, 55 to 66 and 68 to 80, the Committee directed that the Ministries concerned should be asked to expedite their implementation.

The Chairman then placed before the Committee the letter dated the 22nd December, 1965 which he had received from the Minister of Parliamentary Affairs in which the latter had raised an objection to the Lok Sabha Secretariat addressing the various Ministries of the Government of India direct for eliciting further information about the progress made in the implementation of the pending assurances under the directions given by the Speaker on the floor of the House or the Committee themselves. The Committee decided that the relevant correspondence on the subject should be circulated to them and they would consider the implications of the matter at their next sitting to be held sometime early during the Budget Session.

9. The Committee decided to consider Memorandum No. IV at their next sitting to be held on Thursday, the 27th January, 1966.

The Committee then adjourned.

The Committee took up consideration of the unfinished part of the Agenda.

Memorandum No. IV

Review of pending assurances pertaining to the Twelfth and Thirteenth Sessions of the Third Lok Sabha, 1965

Twelfth Session, 1965

2. The Committee took up consideration of the pending assurances (Appendix IV) pertaining to the Twelfth Session of the Third Lok Sabha and made the following observations thereon:—

(i) The Committee were of the opinion that the assurances mentioned at serial Nos. 8, 10, 14, 22, 23 and 64 involved a simple collection of information and should not have taken such a long time for their implementation. They directed that this might be brought to the notice of the Ministries/ Departments concerned.

(ii) The Committee noted that the statements showing action taken in implementation of the assurances noted at item Nos. 1, 16, 21, 25 to 29, 34 and 54 would be laid on the Table of the House during the ensuing Session.

(iii) As regards item Nos. 67 and 70, the Committee were of the opinion that these assurances should have been implemented long ago, as these involved a very simple reply. The Committee directed that these should be implemented without any further delay.

(iv) In regard to the remaining assurances noted at item Nos. 2 to 7, 9, 11 to 13, 15, 17 to 20, 24, 30 to 33, 35 to 53, 55 to 63,

65, 68, 69 and 71 to 89, the Committee directed that the Ministries/Departments concerned should be asked to expedite their implementation.

Thirteenth Session, 1965

3. The Committee then proceeded to take up consideration of the pending assurances (Appendix IV) pertaining to the Thirteenth Session, 1965 and made the following observations thereon:—

(i) The Committee noted from the latest position furnished by the Ministries that the assurances mentioned at serial Nos. 18, 20, 35, 39, 40, 56, 61 and 157 to 159 would be implemented during the ensuing Session. They also observed that the Ministries had stated that the assurances noted at serial Nos. 24, 25, 27, 28, 29, 33, 34 and 37 'were being implemented', which term was not clear to the Committee. They directed that in future, definite expressions might be used while stating the latest position of the pending assurances.

(ii) The Committee further noted that as some of the assurances were pending for about two months and some for only a month and a half, they desired that the Ministries/Departments concerned should be asked to take immediate steps to implement the remaining assurances.

4. The Committee also perused the analytical statement (Appendix IV-A) showing the time taken by various Ministries in the implementation of the assurances *vide* statements laid on the Table by the Minister of Parliamentary Affairs on various dates during the year. The Committee also perused the statement showing the up-to-date position of the assurances pertaining to the Third Lok Sabha (Appendix IV-B).

5. The Committee authorised the Chairman to prepare a Report stating the position of the pending assurances for presentation to the Speaker during the ensuing Session.

The Committee then adjourned.

The Committee considered the various implications of the issues arising from the correspondence between Shri S. N. Sinha, Minister for Parliamentary Affairs, and the Chairman, Committee on Government Assurances, and that earlier exchanged between this Secretariat and the Department of Parliamentary Affairs, as referred to in Memorandum No. V.

It was pointed out by a member that if Rule 4 of the 'Internal Working Rules of the Committee' as amended by the Committee at their sitting held on the 5th November, 1965, was implemented, that would amount to taking away of the functions of the Department of the Parliamentary Affairs which were allocated to them by the President under Article 77 (3)—Government of India Allocation of Business Rules, 1961. It was explained that the Department of Parliamentary Affairs would continue to cull out the assurances from the Debates and forward them to the Ministries and Departments of the Government of India for implementation. All that was sought was to eliminate the delays and also to 'fasten responsibility' on the Ministries concerned to ensure expeditious disposal of Parliamentary business.

The Committee, felt strongly about the concluding paragraph of the letter dated the 22nd December, 1965 from the Minister of Parliamentary Affairs to the Chairman. The Committee were of the view

that this not only was against all canons of well-established parliamentary practices and usages but also contravened the provisions of Rule 270 of the Rules of Procedure and Conduct of Business in Lok Sabha inasmuch as the Minister of Parliamentary Affairs had asked the Ministries not to furnish any information to the Lok Sabha Secretariat direct but to channelise it through the Department of Parliamentary Affairs. They also directed that a copy of the letter from the Minister of Parliamentary Affairs to all the Ministries may be obtained and placed before the Committee.

The Committee felt that since only one month was left in their current term, it might be left to the next Committee to pursue the matter to a logical conclusion and arrive at some definite decision.

The Committee also decided that a specific mention about the issue of the letter by the Minister of Parliamentary Affairs in contravention of Rule 270, thus barring the Committee from properly conducting its functions, as envisaged in the Rules of Procedure, should be made in their report to the Speaker.

The Committee adjourned to meet on the 30th March, 1966 to consider the draft Report.
